

**Friends United Meeting  
2010 Summer Mission Project:**

# **Water of Life**

**Friends United Meeting is working with contractors to bring clean water to villages in Kenya. From bio-sand water filters that purify the dirty water, to wells and boreholes that bring the clean, fresh water up from beneath the earth's surface, we want to bring clean water to the people of Kenya this year.**

**Goal: \$10,000**

**Water is life.  
Will you give life  
to the people  
of Kenya?**
